

In order to participate in the Conference we recommend downloading the Zoom application on your device to ensure a better connection. When creating an account on the Zoom platform, PLEASE, ENTER YOUR NAME AND SURNAME so they can be visible to all Conference participants and session moderators.

We recommend that you use headphones and a microphone for better sound quality. We ask that all non-speaking participants keep the camera off and the microphone muted.

At any given time, the author who is currently giving the presentation is the one who is assigned the role of the host. In this way, the author will be able to share his screen with the participants and open his presentation, which the participants will be able to follow while the author speaks.

You can access each of the sessions within the Conference via the links below.
